

PREMIERE EDITION

NORMANDY BEACH

“RULES OF ENGAGEMENT”

2020 Edition - Plage de Ouistreham

For all vehicles, here are the race entry requirements to comply with:

CAR AND MOTORCYCLES :

- ⊗ All cars must be pré 1949 and motorcycles must be pré 1947.
- ⊗ All brands and types can be presented: US, European, others...
- ⊗ General look and feel of the vehicle, parts, including racing equipment's must be period correct.

PILOTS MUST HAVE :

- ⊗ Security equipment's: Proper helmet, sensible gloves, protecting glasses/goggles, solid boots with ankle protection, must be on all pilots (cars and motorcycles).
- 

- ⊗ Period correct (appearance, doesn't have to be authentic vintage) is required for pants, jerseys and jackets.
Racing gears are welcome and appreciate if period correct.
- ⊗ Pilots should have a valid driving license for their vehicles (from the country they came from) and a valid insurance (will be checked).
- ⊗ During the race, pilots should comply with road driving rules and requirements.
- ⊗ No alcohol, drugs or anything that may affect their driving capacity is allowed.
- ⊗ For both the above points, French laws will be applied.

ENGINE :

- ⊗ Engine must match the frame and be period correct to the vehicle (pré 1947 or 1949).
- ⊗ For US cars flat heads, later models are acceptable (No overheads).
- ⊗ Gas only vehicles are allowed (no nitro or gas>98 octanes).
- ⊗ Gas lines and/or hoses need to be properly secured.
- ⊗ No leak of any fluid is allowed. For oil sweating is acceptable.
- ⊗ No loose items, parts or component in the engine cockpit.

VEHICLE EXTERIOR :

- ⊗ It is a beach race, so all vehicles must have a racing look and feel.
- ⊗ No fenders for hot rods & No disk brakes
- ⊗ Racing numbers must be visible and manually painted.
- ⊗ Racing numbers will be proposed at race entry by pilots and validated. In case of doubles the Normandy Beach Race may require changes.
- ⊗ No loose parts, panels, hood, trunk etc... Everything should be secured.
- ⊗ Seats need to be solidly hankered to the frame (safety belts will be allowed as well as protections bars).
- ⊗ Frame will be inspected for cracks or loose welding.
- ⊗ Fire extinguisher within reach for cars.
- ⊗ Headlights needs to be removed or the glass secured with tape.
- ⊗ Petrol / gas tank needs to be secured.
- ⊗ Gas tank must have proper Gas cap all secured.
- ⊗ If you have Hub caps on wheels they must be removed secured.
- ⊗ Steering linkage needs to be secured.
- ⊗ All wheels checked and secured.
- ⊗ Tires must be in usable stage.
- ⊗ No paddle and/or tractor styled tires.

Selection of the vehicle will happen via the race entry process.

Cars and motorcycles will be pre-validated on pictures and short description for the race via a mail with the Race entry form.

Once validated a payment of 85 € will be asked to participant and a formal entry package will be sent to you with all details and agenda of the NBR, as well as indications on how we will all have fun together

A formal vehicle inspection will happen for every pilot the day before the race where conformity will be checked by our security and compliance team.

Disqualification may occur if any deviation is detected during that inspection.

Disqualification may also happen in case of any irresponsible driving during the event.

We are lucky and happy at the Normandy Beach Race as we have official sponsors. Only the race organization and the sponsors will be able to use any image or video of the race and event for commercial purposes. Only private usage of pictures and videos will be authorized.

To enter your vehicle in the NBR please fill the Race Entry form and add 4 pictures of your vehicle (2 sides, front and engine zoom).
